

NSF Converter

(Software Guide)

Overview

NSF Converter Software converts Lotus Notes into different file formats with mail attachments. This NSF Converter converts NSF emails into PDF, EML, EMLX, MBOX, TXT, HTML, MHTML, CSV, PST, VCF etc. Also, it transfers Lotus Notes mailboxes to Outlook, Gmail, Yahoo, IMAP, Office 365, and several other email accounts. This solution migrates multiple Notes NSF files in one click.

What's New in this version?

- Enhanced & Interactive GUI to run the tool smoothly.
- Have Preview option to view different data.

- Support Folder Renaming Option.
- Support Windows 10 Operating System.

Key Features

- Export Lotus Notes email messages, contacts, calendars, etc., from the NSF file to the Outlook client.
- Perform single as well as multiple NSF files migration.
- Create LOG Report of NSF to PST conversion process at user-defined location.
- Check the preview of the NSF file's content before saving it.
- Mail Filter feature helps users select specific email files.
- There's no size limitation to select NSF file, i.e., up to 80 GB file has been successfully tested.
- Allows emails from a Lotus Notes (NSF) file to be imported into Gmail, Yahoo, Hotmail, IMAP Server, and AOL Webmail accounts.
- This software's Data Range function helps users filter out unwanted email information.
- Download the demo version to save the first 50 emails of the NSF file into the PST file for free.
- It is compatible with all versions of Windows OS and can convert NSF files.

Minimum System Requirement

Processor: 1GHz Processor (2.4 GHz is recommended)
Operating System: Windows 10/8.1/8/7/Windows Vista/ XP and below versions
Memory: 512 MB RAM (1 GB Recommended)
Disk Space: 500 MB of Free Hard Disk Space (1 GB Recommended)

Installation Process of Aryson Software

Follow the steps to Install the Aryson Technologies software on your system:

• Firstly, Visit the official website of Aryson Technologies.

(https://www.arysontechnologies.com)

- After that Click on the **Product Section** of the Website and choose the software that you need to download from the navigation list.
- After that, You will find a product description page of your selected software. From the description page, tap on the **Download Now** button.
- After downloading, **double click** on downloaded .exe of the tool. Or visit the download location from your computer and **run** the software as **Administrator**.

• Click the **Next** button to continue the installation setup of the software.

• Choose the **destination directory** of the software and click **Next**.
